## Invitation to LIVE - Leading Innovative Vascular Education in Corfu Greece 2023

Dear Colleagues & friends,

**On May 18-20, 2023 we will all meet in the beautiful island of Corfu, Greece for LIVE 2023!**

LIVE symposium goes on to the path of its main commitment, the Innovative Vascular Education aiming to attract researchers, professionals and young trainees in a truly multidisciplinary and interactive forum. Participants will have the opportunity to discuss all the up-to-date knowledge and the cutting-edge research and technology with some of the world renowned experts in a highly scientific and friendly environment. **Plenary and joint sessions with some prestigious vascular societies and European congresses** as well as **debates, clinical case and oral presentations, workshops and industry mini-symposia** will all form a scientific network able to provide a unique educational opportunity and a must-to-be event for all physicians interested in the management of vascular diseases.

Also, we are proud to announce that this year the **Institute of Vascular Diseases (IVD)** initiates a new cooperation bringing the well-known **Venous Symposium (VS)** from the **USA in Europe** as a back-to-back event. LIVE & VS will offer a unique Arterial and Venous experience to the entire vascular community **just with one registration!**

**Do not miss this opportunity - Just be there!!!**

On behalf of IVD

**A. Giannoukas, M. Matsagkas**

## Invitation to VS - Venous Symposium Europe in Corfu Greece 2023

The premier **Venous International Conference "Venous Symposium New York"** now expands to Europe! Those who know the VS team should not be surprised to read that Greece has been chosen: destination Corfu, one of the most beautiful Greek islands with important history, thrilling green landscapes, unique Venetian style architecture, lacy beaches but mostly with class.

**Venous Symposium** has been unique in providing **venous education by world class experts, interactive sessions, real cases and live patient sessions.** VS covers the entire spectrum of superficial and deep venous pathologies, from sclerotherapy techniques to the latest thrombectomy technologies.

Venous Symposium will be of value to **vascular surgeons, interventional radiologists, angiologists, phlebologists, general surgeons and other medical professionals** currently treating venous disease or who wish to expand into this arena. Residents and fellows will be offered complimentary registration.

On behalf of VS Europe
